SUMMARY

Backend Software Engineer with 4+ years of experience building scalable **Java Spring Boot microservices** and distributed systems. Expertise in **Kafka, Neo4j, Elasticsearch, PostgreSQL**, and cloud platforms (**AWS, Azure**). Strong in **Data Structures & Algorithms, System Design**, and high-throughput systems handling millions of requests daily.

SKILLS

Languages : Java, Python, JavaScript, C#

Frameworks : Spring Boot, Microservices, Node.js, ASP.NET

Databases : Neo4j, PostgreSQL, Elasticsearch, AWS DynamoDB, Azure CosmosDB

Tools & Technologies : Kafka, Docker, Kubernetes, AWS S3, CI/CD, Git, GitHub, Jira, Postman, OpenSearch, Cron Jobs

Core Concepts : REST APIs, Distributed Systems, System Design, Data Structures & Algorithms

EXPERIENCE

Infosys Ltd

Sept. 2021 – Present

Software Engineer

Remote

- Designed and developed scalable **Java Spring Boot microservices** handling **4M+ API requests/day**
- Built high-performance **REST APIs (800K+ daily hits)** for large-scale content migration
- Implemented **Kafka-based pipelines** for real-time data streaming to AI systems
- Integrated **Elasticsearch, PostgreSQL, and Neo4j** for efficient search, data modeling, and querying
- Automated data ingestion using **Node.js + cron jobs**, processing thousands of external records
- Automated workflows and onboarding for enterprise clients using **Python**, reducing manual effort by **70%**

Clomotech & Junept Software (India) LLP

Jan. 2021 – Sep. 2021

Backend Engineer Intern

Remote

- Developed secure **backend APIs** using **JWT-based authentication** and middleware in distributed systems
- Improved scalability and performance using **Azure Cosmos DB** and optimized backend services

PROJECTS

Recommendation Engine

- Built **Neo4j-based recommendation microservice** using collaborative & hybrid filtering <link>

EDUCATION

Dhirubhai Ambani Institute of Information and Communication Technology

July. 2019 – June 2021

Master of Science in Information Technology

Gandhinagar, GJ

Patna Science College

July. 2016 – May 2019

Bachelor of Science in Computer Applications

Patna, BR

ACHIEVEMENTS

- 3x Infosys Insta Award (for performance and delivery excellence)
- Solved 350+ problems on LeetCode demonstrating strong Data Structures & Algorithms skills <link>

CERTIFICATIONS

- Neo4j Certified Professional – Graph Database & Cypher Query Expertise <link>
- Atlassian Certified in Jira Essentials <link>
